

ENVIRONMENTAL POLICY

Core Developments NQ Pty Ltd believes Environmental Best Practice and Sustainability Improvement are concepts that are paramount to business success. Our objective is to provide culture that seeks continual improvement in environmental performance through applying deliverable procedures in the area of Sustainable development and environmental responsibility.

To deliver our objective we are committed to:

- Communicate Core Developments NQ Pty Ltd's Environmental Policy and procedures to all employees and other stakeholders as appropriate to ensure they are aware of their obligations.
- Comply with all applicable environmental laws, regulations, statutory obligations and voluntary practices.
- The establishment, implementation and maintenance of our Environmental Management System to AS/NZS ISO 14001 standards.
- Conducting our operations in order to minimize, and eliminate where possible waste and other negative environmental impacts.
- Ensure our Employees share our vision and passion for Sustainability and include this concept in all operations.
- Ensure that all our business partners are equally committed to sustainable development and have the necessary skills to fulfil their environmental obligations.
- Strive to reduce waste, conserve resources, remediate those areas that require attention, and make business decisions that provide for environmental benefit in our daily operations.
- The continual review, monitoring and improvement of all management systems on an ongoing basis

Through this commitment we will respond to the environmental challenges in all areas of our operations and it is the responsibility of all our employee's to foster and uphold this policy.
